Kleen Free Naturally Product Directions

It Eliminates...

Bed Bug / Roaches / Flies / Drain & Fruit Flies

It Eliminates...

Head Lice / Scabies / Biting Mites / Dust Mites

Kleen Free Naturally for Bed Bugs and other insects – Kleen Free Naturally for Bed Bugs is a ready to use product that comes in a spray bottle. The product may be used in the following ways for active bed bug infestations:

- Spray on the mattress and box springs. Make sure that you lift the mattress and box springs so that you get to the bottom of each.
- Spray on the bed frame, head board and foot board.
- Spray on the carpeting (especially around the bed and around the perimeter of the room)
- Inspect the furniture, baseboards, curtains, pictures, closet....and spray with **Kleen Free Pr-Mix 24oz** if you see any signs of bed bugs
- Bed bugs lay eggs that hatch every 6-10 days so you need to repeat spraying with **Kleen Free Pr-Mix 24oz** for at least 2 weeks to ensure getting all of the new bed bugs as they hatch
- Inspect other rooms in the house or apartment and spray accordingly

Kleen Free for Bed Bugs- Kleen Free for Bed Bugs can be purchased as a concentrate or as a ready to use product. Kleen Free for Bed Bugs may be used in the following ways for active bed bug infestations:

- **As a Concentrate:** Use 4 ounces of **Kleen Free** in your washing machine. Do not use any other detergent at the same time.
- **As a Spray:** Use the Ready to Use **Kleen Free** or **Dilute Kleen Free Concentrate** in the following ratio: **1 ounce of Kleen Free mixed with 8 ounces of water.**
 - Put this diluted solution into a spray bottle and use this diluted solution in the same way as **Kleen Free Pr-Mix 24oz for Bed Bugs**
 - Use this diluted solution in a carpet shampoo machine or steam cleaner to clean the carpets and curtains

Kleen Free for Scabies and Mites- Kleen Free for Scabies and Kleen Free for Mites can be purchased as a concentrate or as a ready to use product. Kleen Free for Scabies/Mites may be used in the following ways for scabies and mites:

- **As a Concentrate:**
 - **Use 8 ounces of Kleen Free in your bath.** Soak for 20 minutes. Try to bathe in the late afternoon to early evening. Try to air dry instead of toweling off and let the **Kleen Free dry on your skin.** Plan on

bathing every day for the first week and then every other day for the next week of use. This should eliminate 90% of the Bed Bugs.

- Use 4 ounces of Kleen Free in your washing machine. Do not use any other detergent at the same time.
- Apply undiluted Kleen Free directly to the spots that are itching throughout the day.
- **As a Spray:** Use the Ready to Use Kleen Free or Dilute Kleen Free Concentrate in the following ratio: **1 ounce of Kleen Free mixed with 8 ounces of water.**
 - Put this diluted solution into a spray bottle and spray the bedroom area as well as any other areas of the house where you sit for very long.
 - Take this diluted solution to the office and use on your chair and desk area
 - Use this solution to wash your hands often
 - Use this diluted solution in a carpet shampoo machine or steam cleaner to clean the carpets.

Kleen Free used to eliminate ALL INSECTS – Kleen Free Naturally can be used in bathwater and soak in it if you have an infestation in any areas of your body, it is completely safe but keep it out of your eyes. You can also add it to the washing machine to clean your clothes of any insects.

Of course the most common use is to spray Kleen Free pre-mixed solution on areas infested in your home office, restaurant, office, or apartment to clean away any bugs you may have. It will eliminate just about any insect. Please call us at NitBusters if you need help on any application: 770-313-9619.
